

FOUR CAMPUS BEAUTIES. . . Marion Borngesser, Jane Duniho, Linda Potter, and the Golden Rain Tree.

Golden Rain Tree Blooms

The ornamental Chinese Golden Rain Tree is again blooming this summer. Golden-yellow blossoms adorn the tree during the month of June. Then yellow-green seed capsules appear which will turn brown in late summer.

The oriental tree was presented to the late Uel W. Lamkin when he was president of NWMSC by the late Walter Williams, then president of the Missouri University.

The Golden Rain Tree's biological name is *Koeleuteria paniculata*. We can't pronounce it either. It is one of the five species of *Koeleuteria* found in China and Japan.

Christian Youth Conference Meets

One hundred-twenty five young people representing the churches of the first district of the state of Missouri participated in the North Star No. 1 Christian Youth Conference held on the NWMSC campus June 10-15.

J. Stanley Lyman, pastor of the Woods Memorial Christian Church at Excelsior Springs, Mo., was conference director.

A consecration service was held this year on the College Lake, the evening of June 14.

A second conference is planned for the week of Aug. 5. This camp will be basically the same as the one held last week.

The conference director will be Gilbert Yerian, pastor of the First Christian Church, King City.

Miss Banker Recovering From Severe Burns

Miss Mary Ann Banker, student from St. Joseph, who suffered burns from a hair dryer several weeks ago on her neck and hands, seems to be getting along satisfactorily at the KU Medical Center.

Two students Misses Marlene McKee and Becky Thomas, visited her and reported her improvement.

Grafting has been almost completed on her neck and hands and therapy is now being used on her hands.

MSC Athlete Killed in Crash

Donald F. Soper, 19-year-old Northwest State College student and athlete from St. Joseph, was killed instantly in a collision between a small foreign-made car and a semi-trail-

Donald F. Soper
er truck about midnight Saturday north of Savannah on U. S. 71.

Two others were injured and reportedly are in satisfactory condition in a St. Joseph Hospital.

Soper, who would have been a junior at the Maryville college this fall, was returning to St. Joseph from Maryville.

Indian Village Investigated

Dr. James Lowe, social science, will conduct a field trip to Van Meter State Park near Marshall, Missouri, Saturday, June 23. The Missouri Indian Village which is being excavated by State Park personnel and students from the University of Missouri will be studied.

The park archaeologist will explain reconstruction of the site.

Space in the bus is available for additional persons. Students interested in making the trip should contact Dr. Earl D. Bragdon, Floyd D. Barrows, or Dr. James L. Lowe.

Maryville, Missouri

June 20, 1962

Registration Initiated IBM

Total enrollment for the summer session has reached 913. Of these 779 are undergraduate students and 134 are doing University of Missouri graduate work. At this time an additional 52 are enrolled in workshops.

This compares to 781 in undergraduate work and 81 in graduate work of last year.

A new system of electronic registration was initiated this summer. The IBM procedures requires less time for registration and is more effective than the systems used prior to now.

Final examinations for the summer session will be from Aug. 1 through Aug. 3.

Commencement will be the evening of Aug. 3.

College Enters New Phase With Workshop Program

\$150,000 Center Planned by M. E.

A \$150,000 center for Methodist students is scheduled to be constructed at the entrance to the NWMSC campus. It is hoped building will begin on the center sometime in 1964.

A drive to raise the necessary funds is presently being conducted by the Maryville Wesley Foundation.

The center will include about 9,340 square feet of floor space and parking in the rear for thirty cars. It will be located on a plot of ground bounded by Myrtle street and College drive.

Nineteen Enroll In Speech Course, 33 in Math

Nineteen are enrolled in the NWMSC Speech Improvement Workshop under the direction of Dr. Ralph Fulsom.

The workshop is being held in the Little Theater of the Administration building.

The sessions have included many topics concerning the child and his speech and improvement of speech disorders, such as "Speech Improvement and Speech Correction—An Overview of the Field", "How the Child Learns to Talk".

Enrollment for the Mathematics workshop reached 33. Miss Anna Gorsuch is directing the workshop in the Horace Mann Laboratory School.

The workshop is covering modern methods of teaching arithmetic in elementary schools.

June 25 to July 6—School Library Standards with Mr. James Johnson as director.

June 25 to July 6—Modern Mathematics for Secondary Teachers under the direction of Mr. George Barrett.

June 25 to July 6—International Relations (African) workshop with Dr. Harry A. Gailey, Jr. as director.

July 9 to July 20—Science 99—Laboratory Science Johnson.

THE COLLEGE OATH

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

What You Should Know About Physical Fitness

Today, we telephone down for groceries; spend most of our time being entertained right at home, plopped in an easy chair before the TV. Push button gadgets make it easier for us to do everything.

Progress? Perhaps. Just look what has been done to our bodies!

Today nearly 48 per cent of a large sample of the nation's youngsters fail basic physical fitness tests! Every school child should be able to pass the basic test of pullups, situps, and squat tag.

What hope for the country's adults? The good news is that you if an adult can use everyday activities to help you stay fat—beginning with the moment you get up in the morning. (children may stick with squat tag).

Instead of kicking your roommates slippers out from under the bed, reach down and bend to get them. Stand upright while dressing. Take a brisk walk to your car before you drive the three blocks to school.

Breathing is another many-times-a-day conditioner. At least it can be. Get in the habit of breathing! Don't hold your breath—whenever you pick up the phone, or perform some other "ritual" which might serve as a reminder.

There's little mystery to it; once you're in the swing of it, these "everyday" exercises come by habit.

How much can physical fitness contribute to your well being? Take the words of a Nobel Prize winning scientist: "Human happiness and efficiency are dependent to a great extent on the good working order of our muscles, and no end of suffering is due to their disfunction."

Summer finds the stroller amazed by many incidents she sees on his campus.

Bicycling is an up and coming sport. It seems a few married men are thinking of saving gas and strengthening those sagging winter muscles. The idea developed from one of our inspired Deans. The only problem: overweight is hard on tires.

While stumbling through the den, the stroller encountered workers and ducts. These ducts can't swim but provide a means of air-conditioning the Union Building. The stroller feels this should encourage more den-time among the younger set. Anyone for refrigerated cards?

Anyone for a trip to Bermuda? The approximate cost would be \$1,500. Of course, if this is out of the question, it is only a short jaunt to the stores downtown for a pair of Bermuda shorts. This should help to get into the swing of things or get things into swing. Knobby-knees are out. So is teased hair. Teeth are in. So are textbooks and Bjorxwx.

The stroller has overheard numerous individuals complaining about sore muscles. She recommended the new Phys. Ed. course in relaxation. Activity courses such as tennis and swimming? Out, out out. Winter has a way of increasing sagging muscles. John J. Winter, that is, who sells hammocks.

Throughout the stroller's meanderings, he has heard the issue of ethics discussed quite freely. What is ethics? Or are ethics. Webster says, ethics are "the science of moral values and duties." According to two teachers a certain superintendent has not lived up to the code. Why not discuss the issue with the person involved? Aspirin is good for a code (in the head).

Has anyone noticed the beauty of our campus this summer? The stroller feels it would be even more beautiful if debris weren't thrown around. Remember, Hokey Bear says, "I'd walk to keep a clean campus."

Spring Graduates To Assistantships

Joe Merrigan has accepted a position as graduate assistant in the chemistry department of the University of Nebraska for the 1962-63 college year and will continue his studies toward an advanced degree in chemistry.

Marlin Holtmeyer has accepted a National Science Defense Fellowship for the coming year for graduate study in chemistry. Holtmeyer will be located with the chemistry department of the Oklahoma State University, Stillwater, Oklahoma.

Barratt New Teacher

George W. Barratt, 1954 graduate of NWMSC, has begun teaching mathematics this summer at NWMSC. He replaces Mrs. Richard Oschwald who has resigned.

Barratt obtained his masters degree from O.S.U. in Stillwater, Oklahoma in 1959. He has a triple major in mathematics, physics, and science. He has taught in King City, Quitman, Ruskin Heights, and Kansas City Junior College, all in Missouri.

He is married and has three children: Robert, 14; Linda, 12; and Calvin, 10.

Paper Clarifies Current Policy

All newspapers, international, national, local, or collegiate, are reflections of definite policies to which their editors subscribe; the MISSOURIAN is no exception.

We, the MISSOURIAN editorial staff, feel that it is a newspaper's responsibility to acquaint its readers with the paper's particular policy.

It should be noted that the MISSOURIAN'S purpose is to report news, news that is for, about, and pertinent to, both students and faculty. Having this goal in mind, the newspaper editorial staff wishes to clarify the current policy.

1. The MISSOURIAN'S main purpose for publication is to disseminate all NWMSC news concerning students and faculty in an unbiased, unprejudiced manner.

2. The MISSOURIAN'S intention is to reflect the attitudes and ideas of the student body and of the faculty.

3. The MISSOURIAN claims the right to express the views of the editorial staff on issues of campus, local, national and international importance.

4. The MISSOURIAN will publish student opinion through letters to the editor, providing the letters are signed and based upon facts. Signatures will be withheld upon request.

5. The MISSOURIAN will uphold any developments designed to further an academic spirit, the co-curricular program, or any other programs contributing to Maryville's growth.

Faculty Briefs

J. B. Houghton, has enrolled for graduate study in animal husbandry at Iowa State College, Ames, Iowa.

James L. Lowe, social science, received a doctor of philosophy degree from the University of Missouri during recent spring commencement exercises.

Mr. Guy Bensusan, humanities, has been appointed manager of the Maryville swimming pool for the summer.

Dr. J. Gordon and Mr. Meryl Long, Physical science, attended the monthly meeting of the Kansas City section of the American Chemical Society, of William Jewell College, Liberty.

Dr. and Mrs. Leon Miller left May 29 on a 19-day tour of Europe before attending the International Lions Club convention currently being held in Nice, France. Dr. Miller is the District 26-F governor of the Lions Club.

Ward Rounds, band director, will attend a two week brass workshop at Eastmen School of Music, Rochester, N. Y. beginning July 9.

Honor Mrs. Edith Wallace

A "Mrs. Smith Day" was held June 1 at the Clearmont High School in honor of Mrs. Edith P. Wallace Smith who retired after teaching for 26 years in that district.

Alumni Notes

Frank Johnson, a 1952 graduate, has been assigned to the Tennessee Valley Authority and will be stationed at Florence, Alabama, after July 1.

Johnson's wife, the former Miss Jane Bovard, is also a graduate of NWMSC.

Johnson received his master of arts degree from the University of Missouri.

Robert Gill, graduate of NWMSC and present basketball coach at Cameron, has been appointed superintendent of the North Harrison Schools at Eagleville, Missouri.

Gill is married and has three children.

A former NWMSC student, Marvin Bowman, received his doctor of veterinarian degree from Kansas State University, Manhattan.

Dr. Bowman is married to the former Jo Ann Meek. They have one daughter. The Bowmans will be residing in Albuquerque.

A 1952 graduate of NWMSC, Melvin Hubbell, is now operating the soft water service in Nodaway County. Hubbell had previously been working for American Airlines.

Hubbell and his wife, Jacqueline, and their three children are residing in Maryville.

Charles Sanders, a 1962 graduate, has been named aquatics director for 6 weeks at Camp Geiger, the Pony Express Boy Scout camp located near St. Joseph.

Sanders also attended the National Boy Scout Aquatics School at Camp Cedars, Cedar, Bluffs, Nebraska, from June 4 to 10.

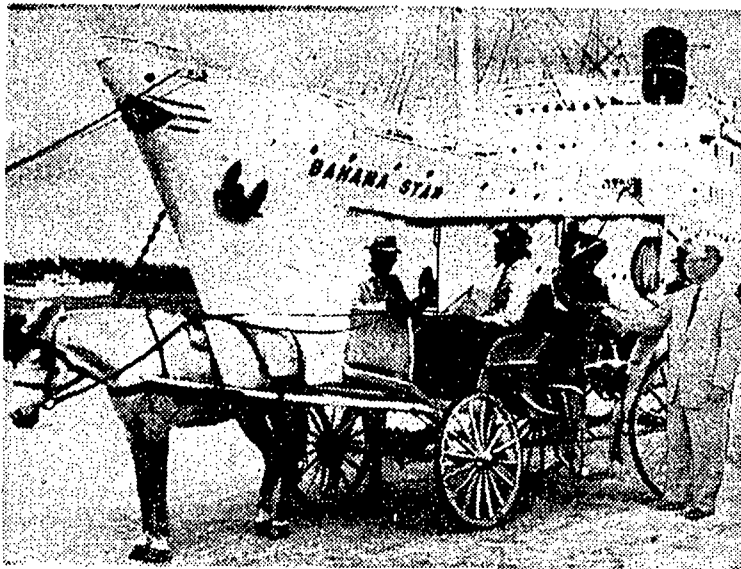

Sanders is from Maryville and has been a lifeguard at the Maryville Municipal Pool and was a member of the NWMSC swimming team.

Coffee Hour For Graduates

A coffee hour for graduate students and instructors in the graduate program was held in the Union Dining Room, June 13 at 2:50. The object of the coffee hour was to give the graduate students a chance to discuss their problems with their teachers outside of the classroom atmosphere.

The coffee hour was instituted as a means of two-way communication between the faculty and the graduate students. Some of the students, being unsure of their class requirements and graduate status, cannot find opportunity to discuss these and other matters of importance with members of the graduate staff. It is therefore intended that the coffee hour will provide this opportunity.

Study Trip to Bahamas

Northwest Missouri State College is offering a three hour study trip to the southeastern states and Nassau in the Bahamas this summer. The tour will last from August 4 to 24 and is under the direction of James L. Lowe of the Social Science Division.

The students will travel by air-condition bus to Miami, Florida, where they will board the Bahama Star for the cruise to Nassau. Lecture tours will be conducted in the important centers such as Natchez, New Orleans, and Charleston, South Carolina. The oldest white settlement in the United States, St. Augustine, will be visited. The return route will be through Atlanta, Chattanooga, and Nashville.

Additional information may be obtained from Dr. Lowe in room 307 Colden Hall.

Cost \$275 pays for transportation, hotel, admissions to points of interest, etc.

Each student buys his own meals except that meals are furnished aboard ship.

College Prints Poetry Annual

The first yearly college poetry annual, Green and White, has been published by the English department under the editorship of Dr. Frank Grube, chairman. The poems in the booklet were written entirely by students of NWMSC and many were published in the winter and spring literary editions of the Northwest Missourian. Mr. Donald Peel, sponsor of the student newspaper, assisted in these selections.

The newly established graphic arts shop printed the booklet under the direction of Donald N. Valk, chairman of the industrial arts department, and Mr. Peter Jackson.

Copies of the poetry annual may be obtained in the bookstore for 50c.

New Cataloger Joins Staff

Mrs. R. T. Wright has been appointed as the cataloger for Wells Library for the summer, replacing Mrs. Walrafen who is on leave for the summer.

156 Area Girls Attended Annual NWMSC Cheerleaders Clinic

Dr. J. W. Jones, president, welcomed 156 girls to the cheerleading clinic June 10 at Lamkin Gymnasium.

The cheerleaders represented 30 schools in Northwest Missouri, Iowa, and Kansas. One hundred and five stayed in Perrin Hall and 51 commuted.

The clinic was conducted by Department of Physical Education for Women. Miss Bonnie Magill, head of the department, was in charge.

Judy Kulowski, a senior at the University of Kansas, was the instructor. Assisting were: Marsha Hewitt, Lee's Summit, sophomore at the University of Missouri, and Jerry Meredith, Tulsa, Okla., a senior of Oklahoma State University, Stillwater, Okla.

Each day the girls worked with their own groups practicing a yell for 30 minutes.

Groups of 6 or more were rated in big competition. Groups of 5 or less were rated accordingly. The 3 instructors were the judges. On Friday, the final judging of groups took place to determine the winners.

Many of the groups dressed alike daily. This added to uniformity. Some groups had a different outfit for everyday.

Mrs. Jane Thummel, the new director of Perrin Hall, supervised the girls in their dormitory. Counselors were Roberta Edlin, Carolyn Everly, Shirley Henney, Norma Hohlfeld, Donna Krieger, Sharon Patterson, all students, and Mrs. Ruth Watson.

Independents Nab Intramural Track

The Independents won their first intramural track meet in over five years by posting a total of 29 points, Phi Sigma Epsilon followed with 28 points and Tau Kappa Epsilon with 15 points. There were 80 participants in the meet.

Events, winners, groups and times were:

60 yd. dash: Kremer, Phi Sig, 7.3.

100 yd. dash: Kremer, Phi Sig, 11.2.

220 yd. dash: Voss, Ind., 26.5.

440 yd. dash: Beck, Phi Sig, 55.2.

880 yd. dash: Okinaka, Phi Sig, 2:16.5.

880 yd. relay: Voss, Riccono, Able, Early, Ind., 1:44.1.

High Jump: 3 way tie, Voss, Ind; Allan, TKE; Miller, Ind; 5' 4".

Shot Put: Abell, Ind., 40' 7 1/2".

Letter Winners Announced for Spring Sports

Thirty-seven Northwest Missouri State College athletes have been awarded letters in the four spring sports: baseball, track, tennis, and golf. Honorees were recommended by their respective coaches and approved by the athletic committee.

They include:

Baseball—Arnie Anderson, James Sanders, Maryville; Gary Bell, St. Joseph; Ron Brumley, Carbondale, Ill.; Dick Clark, Maquoketa, Ia.; Steve Croley, North Kansas City; Gary Holmes, Jefferson, Ia.; James Jackson and Bernice Riccono, Kansas City; James Kloewer, Manilla, Ia.; Dale Leslie, Auburn, Ia.; Bill Ludwig, Exira, Ia.; Randy Wolcott, Ludlow.

Provisional baseball letters went to Greg Guenther, Bedford, Ia.; and Terry Kremer, Persia, Ia. All were recommended by Coach Burton Richey.

Track lettermen, recommended by Coach Earl Baker, include Thomas Boatman, Rock Port; Ken R. Carver, St. Joseph; Gerald Casey, Birmingham, N. Y.; Robert Clark, Coon Rapids, Ia.; Don Gibson, Albany; John Gilliland, Lathrop; Larry Hornbostel, Falls City, Neb.; Tom Hummel, Glenwood, Ia.; Larry Ireland, Dallas, Ia.; Leigh Ragle, Roseville, Mich.; Chris West, Gladstone, Mo.; William Meyers, Merrill, Kansas.

Tennis monogram winners recommended by Coach Robert Gregory include Larry Abbott, Maryville; Larry Piper, John Bregin, Neil Reynolds, St. Joseph; Merle Corley, Burlington Jet.; Doug Mossberg, Indianola, Ia.

Golf letters were awarded Bruce Baker and Eddie Coover, both of Jefferson, Ia. They were both recommended by Coach Ryland Milner.

Chalk Talk . . . Bob Cobb

Recently, the campus has been visited by cheerleaders hailing from all parts nearby. It seems a shame that all this rah-rah talent had no varsity sport to yell for, but this is the time of the year when "Gone Fishin'" is the slogan for NWMSC athletics.

Except for the various PE classes, our athletic competition has been reduced to a friendly game of tennis, golf, or just-plain loafing.

We've observed several would-be anglers trying their luck in College Pond, which brings us to wonder if anyone has ever really

snagged a lunker from the hallowed pool.

Even if the fish are a mite contrary, College Pond is a great place to sharpen up the old casting eye.

If golf is your game, the local country club offers a special student membership on the quarterly basis. For eighteen dollars, the prospective NWMSC duffer can purchase an unlimited amount of fun and exercise. See Dr. Peterson if you are interested.

We've had ample opportunity to test the local links; the greens are in great shape and the country club course is as sporty and challenging as ever.

One of our favorite summertime sports is following major baseball, the St. Louis Cardinals in particular. The Red Birds have been a rather streaky outfit this season. If they can stay around second or third through the half-way marker of the season, they might be well in contention for a sustained stretch drive.

As in many years past, the

fortunes of the Cards depend upon one 41-year-old named Stan Musial. As "the man" goes, so go the Cards.

Pitching is the St. Louis strong point, but there is much left to be desired in the Red Bird out-field.

Still on the subject of baseball, the Kansas City Athletics appear to have found the nucleus of a pretty fair ball club. Hank Bauer has loaded his line-up with rookies, but alas as the saying goes: "When they are good, they are very, very good; but when they are bad, they are terrible."

With a little bit of front office backing and fan support, the A's might finish in the American League and not in Dallas.

"Gone Golfin'!"
